#### STANDARD ELECTRICAL EQUIPMENT

- Each booth includes 800 watts of power. Lighting, light braces and extra power are not included with your booth. Please select from one of the packages below or order a-la-carte.
- Please submit order forms (via mail or fax) by Thursday, June 27, 2024 for prepaid rates.** Orders received after June 27, 2024 will be charged the standard rates. Orders are not processed until payment is received either via check, cash, or credit card. Orders placed and installed are considered complete and are non-refundable.
- All accounts must be settled prior to the close of the show. No credits are issued after the closing of the show. Returned checks are charged \$25. We reserve the sole right to remove equipment we consider unsafe from the power network for public safety.
- Note: if ordering more than (14) 75 watt halogen heads, you will need to order extra power (per 1000 watts). For example, the Preferred Lighting Package includes (21) heads = 1575 watts so you would need to order (1) extra power.
